Andrew:

Thanks. We ran out of time in circling back with you in our attempt to have it into division review but would like your assistance before it gets to the ERC or Agency review. Would you have time to discuss the issues at least to flag which ones they are?

Hi Ravi,

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP) . I was not given the opportunity to look over these revisions to my edits. If you decide such an effort is needed, I am not able/ willing to look them over at this point given my other responsibilities in the upcoming weeks. I do hope that Vince is happy with the draft and that it is cleared for posting this FY without significant additional revisions or analyses.

-Andrew

Subject: BaP non cancer dose-response for division review

Importance: High

Vince:

The revised NON-cancer DOSE-RESPONSE section of the BaP document is attached for Division review. Only pages 2-1 through 2-29 and the relevant part of the ES are to be reviewed. I have completed my review and it looks good.

The Cancer dose-response was sent to you earlier on June 24.

Thanks to the team for the hard work! We are almost there!! The Appendix remains to be sent and should follow in a day.
